DETAILED ACTION

Allowable Subject Matter

Claims 91-104 are allowed.

The following is an examiner's statement of reasons for allowance: as decided in the pre-appeal conference held 12/01/05, there is no disclosure in the prior art of forming a first layer against and physically contacting the oxide-comprising layer, wherein the first layer comprises semiconductive material and a dopant, at least some of the dopant physically contacting the oxide-comprising layer; after forming the first layer, forming a second layer against and physically contacting the first layer, wherein the second layer comprises semiconductive material, the semiconductive material of the second layer being substantially undoped; in combination with the subsequent steps and finally forming a plurality of floating gates.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
